

ECheck-In for Your Virtual Visit

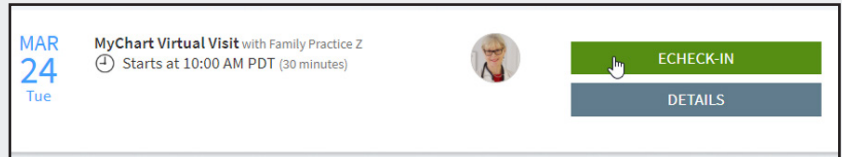

From the MyChart Website

Before your Virtual Visit, you must eCheck-In. This process can be completed up to **24 hours** in advance. You can enter the visit up to **30 minutes** early.

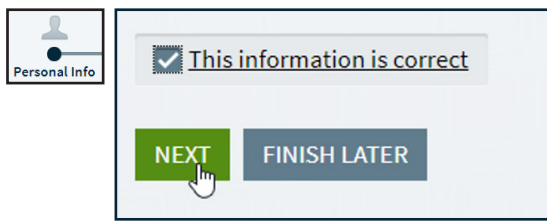

1 Click **Appointments and Visits** from Visits dropdown menu.

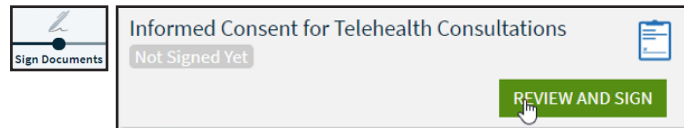

2 You must **eCheck-In** to before your appointment. Click **eCheck-In** for your appointment up to 24 hours before it starts.

3 Verify your personal information. Click **Edit** to make changes and click **Save Changes**. When ready, check **This information is correct** and click **Next**.

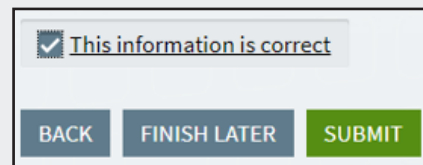

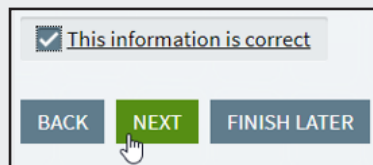

4 If this is your first Virtual Visit, you will have to sign an Informed Consent for Telehealth Consultations. Click **Review and Sign**.

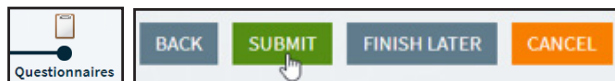

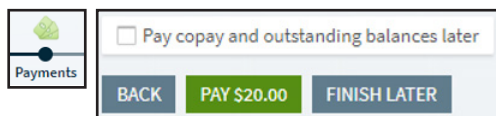

After reading the form, click in the box to sign. Click **Continue**. Click **Next** to move on.

5 Review medications, allergies, health issues, and insurance information. Update, add or remove items if needed. Your clinic will review each change after you finish eCheck-In. Check **This information is correct** and click **Next**. When you reach the last item, click **Submit**.

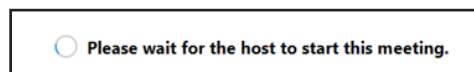

6 Sometimes your provider will want you to fill out a questionnaire. Some clinics offer the ability to pay balances or copays. This is optional.

7 ECheck-In is complete. Click **Begin Video Visit** to connect.

Zoom will launch. If the provider has not yet logged in, you will be instructed to wait for the host (the provider).
